Robert was in Central headquarters (413 S. Central). He was members being treated by machine gun fire. He's doing very well, and needs a message to the oppressed people of Belpied.

LETTER FROM A

REVOLUTIONARY

Oppressed people, hear me. I speak loud so that all fascist Babylon can hear me. I practice what I preach, yet I'm not a preacher. I will die so that you may gain your freedom, and I'm not a god. Who am I? I AM A REVOLUTIONARY, a Black Panther, and my purpose in life is to Seize the Time.

On December 5th, another decisive blow was dealt to the fascist beasts of Babylon, in L.A. On that day, 9 brothers and 2 sisters defended themselves from the murderous attacks from the L.A. Pig Dept. From this, all illusions and fantasies of false freedom were smashed, and the people saw that they did not have freedom; they did not have the power to determine the destiny of their community. The people saw that there cannot be an immediate end to police brutality and wanton murder of oppressed people (Black people in particular), until the foreign troops (pigs) are withdrawn from the Black community.

People of L.A., and all oppressed people, were your eyes opened, or will you be tricked again, again, and again? Was the blood that was shed, washed away by the rain that afternoon? I know it wasn't, for a little is on all of you, blood of a revolutionary, blood that cannot be washed away by compromise, or remaining silent any longer. Your victory is at hand, and the knees of the fascist beasts are weakening. Babylon will fall, and with it all its lackeys and buffoons.

Only revolution will set you free and the Vanguard Party will lead you to final victory. On the bones of the oppressor, the foundations of freedom will be built. I am where I can no longer see you. If you are truly a revolutionary, then a revolutionary's voice can be heard all over the world. You see, I'm one of the 9 brothers along with 2 sisters who fought the oppressor's puppets on December 5th. I am a Black Panther, a revolutionary. Can you hear me?

PIGS BEAT PEOPLE IN BLACK COMMUNITY

On Wednesday, December 10, at 413 Central Avenue, people from the community and the Panthers were trying to clean up the mess that had been left by mad dog pigs after their attempted genocide (mass slaughter) on the Los Angeles Chapter of the Black Panther Party Monday morning. Approximately 400 people from the community and other country radicals had come out to help repair the damage done by the fascist LAPD MURDER SQUAD, SWAT (special weapons tactics), J. Edgar Hoover and his boys, the FBI. The people had been out there working all day (they cleaned up, boarded up holes the pigs had blown

into the ceiling and doing general repair work in their office so that it could be opened and begin to function and continue to serve the community. In their attempts to stop progress the pigs threw tear gas bombs in the building about every two hours all afternoon so there was gas in the air at all times. People who were standing around the front of the office or were working inside were affected greatly by the gas and some had to have medical attention because they had breathed in too much gas and were suffering the effects. Like loss of voice, tearing in the chest, swollen eyes, continuous tearing, nausea and light-headedness. But like they say "The spirit of the people is greater than the man's technology". so we set up shifts working inside the office and continued working all evening.

When it began getting dark more and more pigs began to appear on the set (we know that most of them had been there all day but waited till dark to show their ugly mug). The pigs cruised around the area checking out the work that was being accomplished, getting madder and more reactionary each time they came around and saw the people in action, working, their voices all to reopen their office. The people exposing the pigs for what they are, fascist, racist, violent, low lived, lying motherf---ers who are in the community to keep the people from gaining self-determination and liberation, the people, yelling, "All power to the people!", "Get the pigs!" and "Run the fascist dogs out of our Community!", every time the murdering intercasters drove by.

When the sun was almost down we were informed that the pigs had blocked off a four block square area around the office and were acting in their usual manner, snarling around, circling, harassing and harassing people and intimidating the people in the community.

At this point about 200 people were on the street selling papers, working on the office, taking pictures, collecting newspapers that were needed and checking out the results of the fascist attack on the people's office. We went outside, called the attention of all the people on the street and told them how the pigs had the area blocked off just waiting for it to get dark so that they could ramp on the office again and destroy the work we had been doing all day long. Through practice we have learned that pigs don't like to expose their true nature to the people. They like to move when there is no one around to witness their

fascist acts of government-directed and planned genocide, brutality, and inhumanity of oppressed people, Black people in general and the Black Panther Party in particular.

We asked the people did they want to stay, keep on working and watch the pigs or did they want to go home and come back on Thursday to clean up. There was no question in the people's minds of whether to stay or go home—so we stayed out on Central and kept on working.

The later it got the crazier and

all the way down the block walking in a circle saying, "All power to the people, Defend our Community, and Off These Fascist Pigs."

At approximately 8:00 p.m., food was brought in and the people who had been out there all day were fed. A medical station was set up on the corner for anyone who was injured, gassed or needed medical attention of any kind. During this time pigs were smashing in the area, driving around, circling in people's faces. In an attempt to provoke an incident that would give them an excuse to jump on the people and pull a massacre out in the streets, but the people wouldn't se-

parated in this madness.

After eating, the majority of the people in the street moved down to the corner to form a two, stand where we spoke to the people and told them that the LAPD armor troopers were moving in on the area and were begging any excuse to provoke an incident, so they could move on the people. Around 9:30 p.m., we got reports that the Marine Squad was gathering in the schoolyard around the corner from the office. They were trying to move on the stay behind the office, but the people were back there and the pigs retreated.

better those picking trouble. People were picked up on charges like selling papers in the street, jay walking, not showing adequate ID and any kind of buffer or charge those pea-brained puppets could dream up. A pig helicopter flew back and forth over the area while the pigs on the streets tightened their blockades and began to move in. In an attempt to frighten the people off the streets of their own community, but instead of leaving, the people formed a line

Pigs were also gathering a block above the office on 41st St., acting like they were getting ready to pull a ramp on the people who were out there exposing the damage that the foreign troops had done to our community and life.

Seeing what was happening we got on the phone and began calling the press, who refused to come film and report what was going

APATHY HURTS CHILDREN

All over this racist, dehumanizing country they call America, hunger exists in a great volume among the poor and oppressed people. The Black Panther Party has implemented a Free Breakfast Program for children. The Free Breakfast for Children is just one of the programs being carried out by the Black Panther Party that can be utilized in another way. It is the Minister of Defense of the Black Panther Party, he says the Party must go forth to meet the basic desires and needs of the people. These needs are being met physically and mentally, because their parents are not educated and their children are in the Free Breakfast. To these children, who are abandoned to fend their children to the Breakfast Program because of their poverty-stricken neighborhoods who know that they have everything and they don't want anything free, well to tell with these many ideas and we deal with necessary feeding because these youths are the most rapid learners and the least conservative in their thinking and how can they learn on an empty stomach. That's (a) your children be here because of these ideas. Older people will have to get this through their heads that the world belongs to the youth, as well as the old, but in the past analysis, it is the youth's. These young people, full of vigor and vitality, are in the bloom of life. Like the sun at eight or nine in the morning, the sun is placed on the youth. The young people are the most active and productive in society. So mothers, let's deal with an objective reality and make the time before it comes too late. The Free Breakfast Program in Baltimore is held at St. Martin de Porres Hall on the corner of Valley and Major Street.

**BLACK PANTHER PARTY
BALTIMORE CHAPTER**

We Want Decent Housing Fit For Shelter Of Human Beings

Yorville is a community in New York, a home oppressed ghetto filled with broken down slums and half empty buildings. People flee from the cold and ceilings that are water soaked and the rooms are crawling with rats, mice and roaches. But they are all we have and now the poor, young families are trying to push us out, forcing us to leave family and friends, and to live far away from our jobs. Some of us have lived here nearly 20 years or more.

We recognize now we are being pushed out by the avaricious corporations, banks and mother-deal estate investors. Our homes are being taken down or converted to make room for sky high every tower of the rich. The big, lying, City Planning Commission tells this Urban Renewal. No housing is provided for the people. You can't afford the avaricious rents. These big government and their lucky puppet landlords want New York to be a city of the rich, by the rich, and for the rich. We recognize that their five million plan is a lie to con the people. They say it's just a proposal for the future, but we recognize that it's already here, and it's been here a long time. Black after black, our community is being destroyed while the rent goes around us, and the people are confused.

THE PATRIOT PARTY recognizes the problem and over the contradictions. We realize that we must get the people together and fight this vicious oppression. On December 2, 1965, a meeting was called by THE PATRIOT PARTY for all people in the community to discuss the destruction of our homes. The people laid down the contradictions to an illegal

eviction (killing us and, illegal raises in rent, and illegal conditions (rotten, bombed slums). The people of this community are being subjected to great indignities and punishment for the humanity of living poor. Everyone is angry and eager to fight.

On Friday night, December 18, a committee formed from people in the community met to discuss a petition and leaflets that will be circulated in the community to educate and organize the people. Leaflets will be sent out every day to keep the community informed about what's going on.

We say that we (THE PATRIOT PARTY) believe we can afford to pay housing be built for the people of this community on any and all available sites. We the people of Yorville will lead to move from 4 of THE PATRIOT PARTY'S PROGRAM says WE DEMAND DECENT AND ADEQUATE HOUSING, FIT FOR THE SHELTER OF HUMAN BEINGS, REGARDLESS OF OUR INCOME. The Patriot Party and Avaricious projects should be built for the people of this community.

BROWNSVILLE BREAKFAST

**Black Panther Party
Brooklyn Branch
140 Baiter Avenue
Brooklyn, New York**

**Attention: Concerned parents of
Brownsville**

The Black Panther Party has started a number of programs whose purposes are to satisfy the basic needs of the people. One that is of prime importance is the Free Breakfast Program for School Children. Every weekday morning, between the hours of 7:00 a.m. to 9:30 a.m., we serve the children of our communities. Free Breakfast, which serves a full stomach makes an extra school hour for a day that when a child's stomach is full and the teacher starts talking about adding apples, oranges and bananas, the child's mind is free to concentrate on learning the addition instead of how the food would relieve the pains in his or her stomach.

In the Brownsville community, as late as 7:00 and 8:00 children are being fed weekly, at the Good Shepherd Mission, located on the corner of Baiter Ave. and Baiter Ave. Thousands are being fed in other Free Breakfast Programs across the country.

These programs are the people's programs, put together from the people's ideas to satisfy the people's needs. The people's support is necessary for these programs to function properly and effectively. What we need is the help of those community members who care about the hungry children of Brownsville and the other ghetto neighborhoods. There are many ways you can participate: sending or bringing your school or pre-school children to the breakfast program, help serve the children, help out with preparing the food, and others.

But no matter what you do, your help is needed and will be useful. Since we have obtained community participation, we can start Free Breakfast Programs in other areas and continue to work towards feeding our hungry children in Brownsville and in other ghettos everywhere.

POWER TO THE PEOPLE

APOLOGY TO THE BLACK COMMUNITY OF NORTH RICHMOND

To the brothers and sisters who come to the Breakfast Program in Richmond and the parents that feed them.

The Richmond Branch of the Black Panther Party sincerely apologizes for serving late for the Breakfast Program on the morning of Friday, December 12, 1969.

The Black Panther Party recognized one of the needs and desires of the black community throughout this racist society. The Free Breakfast Program is just one of the many basic needs and desires of the people that has been met and will be met by the Black Panther Party and cooperative people of the communities.

One of the Richmond Branch's primary understandings that the extension of truth is practice. Understanding that, we say there can be no excuse for being delayed in practice while serving the people. Our intentions were good but we have learned from the masses that in

practice do not fit the empty stomachs, only the practice of serving the breakfast (on time) does that.

When we make mistakes, we are not afraid to have them pointed out and criticized, because we serve the people. Anyone, no matter who may point out our mistakes, if he is right, we will correct them. If, to the interests of the people, we prefer to do what is right and correct, what is wrong, the Black Panther Party will surely continue to gain support from the people.

"However there is struggle there is sacrifice, and death is a common occurrence. But what are the interests of the people and self-interest of the great majority of black and when we die for the people it is a worthy death."

MAKING THE CRIMINAL LOOK LIKE THE VICTIM AND THE VICTIM LOOK LIKE THE CRIMINAL

December 20. • The Philadelphia branch of the Black Panther Party conducted a press conference after the assassination of Fred Hampton, deputy chairman of the Chicago Chapter of the Black Panther Party, and the Justice Captain of the Illinois branch Mark Clark by Chicago lawless police officers of the "Nasty Negroes" (Murdere) together. It was clearly a case of murder, cold-blooded, planned by lawless police officers.

During the direction of conducting the press conference, the whole Black Panther Party was united and is facing a common front of aggression and repression which is characteristic of our government. It is not placed before the people, the very real contradiction between the language of just government, and the flag and eagle, the true symbols of its domination. But the American people in general, and Black people in particular, must understand that the only way to end this domination is through the Black Panther Party's revolutionary struggle.

and Clark, marks a brightening of the potential forces in Chicago. They murdered 21-year-old Joe Brown, an epileptic, 15-year-old Fred Hampton, and 17-year-old Mark Clark. They beat 14-year-old Richard Brown, and they also killed, maimed, and disabled many other Black people in the country.

Chairman Fred and Capt. Clark were murdered for putting into practice the teachings of the Minister of Defense, Huey P. Newton. Following their revolutionary example, the Black Panther Party will continue the people's struggle. We will continue to fight.

THE QUESTION IS THE WHITE POLICE IS STILL IN THE LAST 1967 OPPRESSION. WE WILL MOVE ON THE PEOPLE'S PROGRAM. We will follow the basic needs of the people. We will oppose Black aggression and repression. We will continue to fight.

Report of three of the New York 21

Attorney Jerry Lefcourt informed the Black Panther Party that Brother Lee Barry of the New York 21 was transferred to Bellview Prison Ward about a month ago and ever since the lawyer has had a very hard time finding out what his physical condition is.

Just recently, two days ago, Lee Barry went into a coma, and other than that the pigs will not release any information.

The doctors that we are in touch with have explained that when an epileptic goes into a coma, he could die or his condition could get much worse.

The Sisters Joan Bird and Afeni Shaker are only receiving four squares of tissue paper a day.

"The Witness: I can't remember anything happened eight or nine months ago."

"The Court: Well, let's take that testimony, October 20th, 1967, between 3:00 and 3:30 a.m. Would you say you can't remember what happened?"

"The Witness: I can't remember anything."

"The Court: You may now proceed."

"Mr. Justice: Q. Mr. Barry?"

"Mr. Barry: Just a minute, Counsel."

"Mr. Justice: Q. --on November 15th, 1967--"

"Mr. Barry: Just a minute, Counsel. I have got a motion to make. This witness has indicated that he doesn't know anything about the situation."

"The Court: Mr. Barry, you are indicating he has indicated, 'I don't remember.'"

"Mr. Barry: May I finish, Your Honor? May I finish what I want to say?"

"The Court: Then, Counsel, when he asked certain questions, Counsel now says, 'You don't remember what happened two months ago, is that right?' And the witness says, 'I don't remember what happened ten months ago.'"

"Mr. Barry: Now he will proceed to--"

"The Court: Counsel, I think argument is not necessary in the presence of the jury. If you wish the jury excused, I will excuse them. If that is what you want."

"Mr. Barry: Yes."

PIGS ASSASSINATE PEOPLES SERVANTS

Chairman Fred Hampton of the Illinois Black Panther Party and Justice Clerk of the People, Ill. B.P.P. were shot down by Chicago police last Thursday morning. The murders were described by Richard B. Russell, vice-president of the Afro-American Political League, as "an obvious political assassination."

Sergeant Daniel Gross, who led the attack, claims that the police could not gain access to Hampton's apartment, and as they forced the front door open, Captain Gross said he was confronted by a woman.

From the evidence, it is apparent that the woman never entered the apartment. The injured couple suffered only what it seems that these were required while entering Hampton's room. Hampton was shot in the back twice. An independent autopsy, ordered by a Black attorney and the attorneys for the Black Panther Party, confirms the theory that he was murdered while he was asleep. The autopsy revealed that a bullet entered his skull just below the hairline and struck the right eye. An examination of the angle of the

shot, Deputy Minister of Defense and the ranking surviving Party leader in Illinois, however, points out that the apartment at the time of the raid and the armed surveillance were checked.

Huey P. Newton, president of the Black Panther Party, in Chicago, stated that the two Panthers were killed in a deliberate police "setup". There can be no question that the ruling class and their armed servants, the police, are out to destroy the Black Panther Party. Ever since the Party was formed by Huey P.

DEPUTY CHAIRMAN FRED HAMPTON --CHICAGO CHAPTER, BPP

lying on a bed, pointing a shotgun at the door. She opened the door, and then she saw the police. She was holding a shotgun which lasted from 10-12 minutes. At the end of the gun battle there were two dead Panthers, one seriously wounded Panther and two slightly wounded pigs.

The scene of the apartment contradicts the police reports. There was no evidence to indicate that the police had to force the door open. There were no bullet holes in the inside front walls of the living room by the front door where the police said they heard shotgun fire as they entered. However, a Chicago Daily News reporter observed that the only hole in the front door left splinters on the inside of the door. This was probably the shot which killed Clark, who police said was hiding behind a door. A reporter from the Chicago SEED, an underground newspaper, stated that the front door does not enter the bedroom and that there was no hole in evidence as was indicated by Sergeant Gross' account.

Fred Hampton's bedroom was entered by the police parading a ladder against the side of the building and breaking the window.

It would appear that if Hampton was lying on his back, the assassin would have been standing above him, slightly to the right and behind his head. Another bullet hole was below the right ear, with an exit hole on the left side of the lower neck. There were no other bullet holes. No exit could be found for the bullet which entered the top of the head and the doctors could find no bullet. The police undoubtedly were there with the intent of the assassins before the attack.

The police claim there was a 10-12 minute gun battle involving 6 or 7 Panthers. If in fact the Panthers were shooting at police, inevitable that no pigs were killed. All the evidence in the apartment indicates that it was a one-sided battle with the police doing all the shooting. The only bullet holes were restricted to a certain wall with a straight line of bullet holes penetrating the living room's back wall into the adjacent bedroom doorway where the beds were located. The police entered by the front door, they were facing this wall when they entered and opened fire.

The day after the murders a similar pathway made on the apartment of Justice Clerk

was seen in 1966 the Panthers have been 400,000 times in police custody. The Party leaders have been picked off one by one, as they know the leaders are to jail, to exile, or to death.

The ruling class of America in the U.S. has been White supremacy. The same ruling class that perpetuates a racial war in Vietnam is now revealing its intention for genocide in the U.S. Political assassinations, especially of Black leaders, is nothing new to this country. However, in the past the murders were carried out by public officers and no convention could be made to the ruling political forces. All that is over now. A new era has begun with overt political killing and increased repression by the police. Anyone who opposes this must be prepared to face the consequences. Those who say they oppose oppression must now actively join with the Panthers in their revolutionary struggle for liberation. Those who say they oppose oppression and fail to act against it are in fact its silent supporters. In Chicago, Cleveland's words, "You are either part of the solution, or you are part of the problem." (U.S. News)

RETURN ROLAND YOUNG

On December 5th, Roland Young was summarily fired from radio station KSAN. The alleged reason was his support of David Hillard's, "WE WILL KILL RICHARD NIXON" speech at the November 15th Mobilization.

On Monday, December 22nd, at 12 noon, there will be a demonstration to demand Roland's immediate reinstatement at KSAN, and to show support for his forthright revolutionary political stance. The demonstration will take place at the KSAN studios at 211 Sutter St., in San Francisco. Roland, David Hillard, and others will rap about the political relevance of his being fired, and will run down the issues involved. Petitions will be circulated, and will be presented to the KSAN management at the end of the rally. People--if we raise enough hell, we can get Roland back on the air. Show your support--demonstrate on Monday!

Press Release from Eldridge Cleaver, Minister of Information, Black Panther Party:

ON DENIAL OF PASSPORT

I have a right to it, and I want it. When they refused me this passport they violated my rights again. They told me that they would give me a piece of paper that I could use to get back into the United States, where I would be arrested as soon as I got there. And they even wanted to pay my way back, and get me a ticket. I don't need them to book me no flights. All I want is a proper document of identification like everyone else is entitled to.

It proves that they're racist, because there's a White lady here who also wanted a passport. They gave her a passport real quick, her name is Elaine Klein. They gave her a passport immediately. When all the Black people went up there, they refused them.

And look them on a trip about the only thing they could give them is a document to return to the United States, and then they would be arrested. And I accuse this man his name is Conrad Drascher. He's a righteous racist, and the man didn't respect our rights at all.

The entire International Staff of the Black Panther Party applied for American passports; to which we are entitled by law and by constitutional rights and all of that. And the staff of the American Council in Algiers checked with the State Department in the United States, and the State Department refused us the passports. And told us that the only thing that they would give us is a document that would allow us to return to the United States for the purpose of being arrested.

We have no intention of being arrested either in Babylon or anywhere else in the world. This is what this whole thing is about. We're trying to get people out of this type of custody. So that we're not going to accept any document that puts us in the custody of the Babylonian pigs. But we do want the passports. We think we have a right to them. Because we're very concerned about what's happening to our brothers and sisters in Babylon, and we definitely intend to do something about it.

We don't intend to broadcast our travel plans by having news conferences etc., with people who not only will print it, but will rush a copy of it to J. Edgar Hoover. And that's all that I have to say about that.

ELDRIDGE CLEAVER
MINISTER OF INFORMATION, BPP

"The oppressor must be paid in his own coin" -Eldridge Cleaver

From what I gather, there's been an outpouring of indignation by people throughout the country to the vicious, sadistic and obvious murder of Fred Hampton and Mark Clark in Chicago and to the subsequent arrest of David Hilliard, and the storming of the office in Los Angeles. There seems to be a very deep undercurrent to this indignation, and I was wondering how it comes through to you. I wonder if people will care enough about that, to make this particular insight retroactive.

We said all along that the police were involved in a conspiracy to get the Party up, and set up various leaders in the Party, to frame them in anyway they could to get rid of them. We have charged the police with murder and ambush, over and over again, as you may recall. This was the whole crux of our argument from the very begin-

ning, and now after the 2d murders, after numerous incarcerations, after all of these situations, people are beginning to take a look at this. I was wondering is there a remedy that the American social order offers the people who have been victimized by these vicious conspiracies hatched in Washington.

Do the American people have a remedy or do we just have to accept this even after it becomes obvious? What are we supposed to do? Do we accept this, do we sit around and watch our comrades being murdered even when it becomes obvious? Do we have no remedy must we accept this? We're not going to accept this, and we say that our comrades must be avenged, and those who are responsible for these vicious murders must be punished and we must have justice."

on and what was about to happen, because they said they had been there all day, and nothing had gone on. They said that if the pigs did want to catch them back.

It was now about 10:45 or 11:00 p.m., and the people were still out on the streets running up and checking out the situation with the fascists. Then moved on the perception of that and General blocking it off with their machine guns about 500 of their buddies got into formation behind them waiting their street war-guns, gas-beds, helmets, black jump suits, bullet-proof vests, night vision and face paint. One pig got on a loudspeaker and told the people that they were leaving an illegal assembly, and that they would all be arrested if they didn't leave now. Then Minister Morris Day said, "Is there anyone here who is willing to die because of his people, who is willing to die for the cause, who is willing to die and say if the officer would get hit with a bullet he would talk to the people and get them all out of the community? The answer was a loud

In the mouth and a few minutes later on the head, with the words, "I don't give a damn who you are, get the hell out of my way". This answer was given that the oppressed people (in place no rights over the oppressor) is forced to respond, and all the sides in the world can't change that. If you're making any difference what you do, you're still a nigger and you'd better know that in your mind. This was the gist of the message to get across through the community.

I then stated how it is that you do get the people in line, then they charged, shouting, kicking, walking and clapping every man, woman and child they could grab. Minister Angela Davis was brutally beaten, kicked and punched over, then White and black people were arrested. But the pigs paid a special tribute to the white people who were down in the street by saying that they were in the line to get the Black people down. Then they said that they were in the line to get the Black people down. Then they said that they were in the line to get the Black people down. Then they said that they were in the line to get the Black people down.

sticks, bones, bats, can bats and other parts of the body. Two White women were brutally beaten, one suffering a concussion, fractured ligaments to her back ribs due to a number of well placed kicks and jabs. A man was hit by from the community but his head cracked. There was just a few of the injuries the people suffered in the street.

After clearing the streets, the pigs called about their using clubs, people and making sure everybody knew that they were still there to deal with any "disturbances", which meant any person walking down the street or injured people who were trying to get to some medical aid. There was a fire and station set up to one of the houses it had burned it and all injuries were severe.

In all, about 75 people were beaten badly enough to require medical attention, we had about 25 people who were injured, but most of them were not injured. The people who were injured were not injured. The people who were injured were not injured. The people who were injured were not injured.

protection. The people were protecting and serving each other. And it was this that minimized the brutal acts the pigs had planned.

This incident should demonstrate to the people again that there is no way for us to get our freedom again this system. That it is necessary for us to take control of the hands of the pigs and put it in the hands

people is important. We charge the United States Government with genocide against Black people and since we have learned through 400 years of hard struggle that we cannot get justice in any existing court in the lowest state of Illinois, we are going to take it to the streets, eliminate that money and establish a system truly based on justice and freedom for

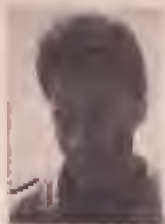

of the people. We must do this all, to win and all infinite resistance, before the genocide of all Black

Yasser Arafat—Commander of Al Fata'h:

PALESTINE: VOICES OF REBELLION

YASSER ARAFAT

Our people have been waging a fierce battle for more than 60 years. Our struggle was against Zionist settlement, first adopted and supported by British colonialism and then by international imperialism headed by the United States. In 1948, the majority of our people were uprooted and forced into refugee camps. The Palestine Liberation Movement began among these refugees in the late fifties. At last we carried out our first military operation precisely in the first hour of 1968. Since then we have continued our struggle in action and will continue it until our entire homeland has been liberated.

After having been expelled from their land and expelled, the Palestinian people requested justice from the whole world, represented in the United Nations, but nothing happened. So they have no other alternative but to fight to regain their homeland.

The UN charter gives all peoples the right to self-determination. Not only are we deprived of this right, but of our country itself. So every Palestinian, wherever he is, is a victim of

the same injustice practiced against him. This feeling was the common motive for all Palestinians to regain their identity, their nationality, and their homeland through armed struggle, since we are facing an enemy supported by imperialist funds and technical achievements. We have chosen long-term war as the strategy for our struggle. Through this long war all our people can participate, since they have nothing to lose but their lives and their liberty. As for the enemy, the importance of this strategy is to eliminate the gap in his arms between resistance and readiness. In this we have had considerable success. This leads to enemy exhaustion through continuous operations, whether by attacking military and political targets or by destroying shipping lines wherever they are. Finally comes the stage of liberation.

To achieve this we must use special tactics. These tactics are not static; we have to change them continuously to meet the requirements of the stage of our liberation war.

When the revolution started, the Palestinians did not ask anybody's permission. The revolution depends entirely on the Palestinians, whether for the recruitment of fighters or for financial support. We represent the aspirations of the Palestinians for this reason.

they have joined us willingly.

Al Fata'h started as an underground movement because we were not allowed to operate freely from any Arab territory. Until the June

struggle and the battle of El Karameh since then we have been challenging the enemy in similar confrontations because we are aware of the great value of the human element compared to the enemy's war machinery.

Through these stages we have developed our combat capacity, increased our numbers, organized political cells, and achieved more efficient training.

The final goal of what is called the political solution is nothing less than to return to the situation as it was before the war. This simply means that we have to carry on our struggle until our country is totally liberated. Revolution, as you know, does not bargain.

One of our main principles is not to interfere in the internal affairs of the Arab governments as long as they do not stand between us and our main enemy, the Zionist occupation. We have great confidence that the Arab people, on whom we depend, will carry out their responsibility if we are threatened by any Arab regime. The 4th of November clashes in Jordan and the recent ones in Lebanon are good examples of this.

Since Zionist occupation is a huge and a protection for the international imperialism wherever in our part of the world, we are sure when we face it is imperialism

in all its forms. But we also know who supports us: Freedom

fight the oppressors, even in Israel itself.

Our political vision for a free Palestine is democratic, secular, nonracial state where all Palestinians -- Christians, Jews, and Moslems -- will have equal rights.

The Palestinian Liberation Movement considers itself a part of the peoples' struggle against international imperialism. We are fighting the same enemy whether it is in Latin America, Vietnam, or Palestine. The mask may differ, but the face remains the same.

Saigon's Black Market: SCREWING THE LITTLE GUYS

SAIGON (LAP) — The people of Saigon are coming upon hard times, harder than ever. One of the latest moves is a U.S.-sponsored crackdown on black market operators. Many Vietnamese families depend on the black market

regime, unlike the Provisional Revolutionary Government, has tolerated and encouraged the black market, just about the only thing left in puppet-controlled Vietnam. The puppet will still get their kickbacks, however. The

operators who surrendered most of the \$30,000 in black-market goods. (The black-market operators -- dealing in U.S. dollars -- charges for dollars, and money orders -- have largely gone unscathed.)

Inflation is going up, jobs are difficult to come by, and, the Monitor reports, "there is little doubt that there will become still harder before they get better."

But wonder no truly black Vietnamese people are siding with the revolutionaries. Inflation means there's no black market -- but there's also no inflation, no unemployment.

Even policemen may be joining the ranks of the pro-revolutionary forces, as the under the Saigon regime becomes more unbearable. Here's what Monitor reporter George W. Althaus has:

"The South Vietnamese police officer stood glowering with his superior in a Saigon street."

"The black market goods in his wife's wardrobe stand had just been confiscated."

"Quietly, the officer told the newspaper that he would like to help out but it was impossible. The Americans, who had passed already had visited the guidelines of the revolution early, he said."

"The plight of the policeman and his wife -- who must wait for the family's survival -- is similar to that of hundreds of Saigon families."

Typically, the crackdown has the effect of undermining the support for the Saigon regime. That

Excerpts From:

On Intensifying Anti-Imperialists Anti-U.S. Struggle to Crush U.S. Imperialism, Unify The Father and Defend World Peace

U.S. imperialism is the most barbarous and most shameless aggressor of modern times and the obstacle of world imperialism. U.S. imperialism is warring desperately to deal a new war of its impending doom in aggravating international tensions, stepping up arms drive and unleashing a new wave of aggression. No place is more in peril of the perils of aggression surrounded by U.S. imperialism than our country (Korea). From the moment of U.S. imperialist aggression, U.S. imperialism extends its taking of aggression to all parts and all countries of the world—Asia and Europe, Africa and Latin America and the Middle East.

In 1950, U.S. imperialism' aggression in Korea, after it had already occupied the socialist countries, has continued to intensify in recent years. While stepping up its war in a war of global scale up to the Korean War, the U.S. imperialism has stepped up its largest and most aggressive action in the Democratic Republic of Viet Nam, having occupied the southern half of the country, the U.S. imperialism has stepped up its aggression and has stepped up its aggression against the Republic of Cuba. The U.S. imperialism has stepped up its aggression to provide a new war in Korea have already reached a grave stage. They have made active preparations for another war in South Korea and are already making military provocations there against the Democratic People's Republic of Korea.

The U.S. imperialism have brutally suppressed the national liberation movements of Asia, Africa and Latin America, people and turned it as the heaviest struggle of national independence. The U.S. imperialism are stepping up armed intervention in Asia and meddling upon the territorial integrity of Latin America, while stepping up provocations against the Cuban people. The U.S. imperialism aggravated the broad independence of the Arab peoples and are making a malicious attempt to stop their struggle for national independence and a new life.

In recent years the U.S. imperialism have become more and

disregard to their subversion and violence and plots to subvert the new independent national states. The U.S. imperialism have concentrated its efforts on independent countries in Asia, Africa and Latin America with "help" as a bait to subvert its internal affairs and, having seized and stepped up its aggression, are stepping up its aggression in many countries. In recent years, U.S. imperialism has stepped up its aggression against the new independent states, its aggression

has become more and more aggressive and war dangerous. Apart from the struggle against imperialism, U.S. imperialism, in particular, will pose danger to our people for its national liberation and independence of the victory of democracy and socialism to be achieved. There should be no doubt about the importance of the struggle against imperialism, U.S. imperialism, and its aggression.

KIM IL SONG

they did in many other countries to the right and defend them from the anti-imperialist fight and use it as one.

The U.S. imperialism have recently revived Japanese and West German imperialism, thereby creating methods of new war against Asia and Europe and increasing peace and the security of the people everywhere in the world.

All these facts pointed that U.S. imperialism is the main force of aggression and war and the main obstacle to world peace and unity. It is the main force of aggression and war and the main obstacle to world peace and unity.

As long as there exists imperialism, the world can never

be the home of revolution, the progress of civilization is hardly achieved.

The Korean people are not war but are never afraid of it. If the enemy forces a new war upon us, all the people will rise as one in a heroic struggle to defend the great socialist cause in the northern half of the Republic, attain the complete liberation and unification of the fatherland and safeguard peace in Asia and the world and will bravely standing against the enemy.

In order to fight against U.S. imperialism and defend world peace, it is imperative to fight against the hegemony of U.S. imperialism and its policy.

In 1950, an important place in

the U.S. imperialism strategy to bring all forces of reaction to oppose socialism and the national liberation movement in crushing their policies of aggression and war. In U.S. imperialism, the reactionary forces in many countries that have been transformed as a party against it.

The typical example is Japan, near and West German imperialism, under the active patronage of U.S. imperialism, the national forces that had been in the hands of the people and the people have been transformed into a party against it. In Japan and West Germany, the national forces are growing as a party against it. In Japan and West Germany, the national forces are growing as a party against it.

Since the U.S. imperialism are directed to the spread of aggression, particularly in Asia, and against the national forces in Asia, the U.S. imperialism are making active preparations for a new war and Japan is seeking the U.S. imperialism as a ally base and a ally base for aggression against Japan. Under these circumstances, the struggle against Japanese imperialism can be no means be neglected.

The struggle against Japanese imperialism is part of the struggle against U.S. imperialism and a struggle to defend peace in Asia and the rest of the world. If the danger of Japanese militarism is not eliminated and a resolute struggle is not waged against it, it is tantamount to encouraging the aggressive designs of the reactionary ruling circles of Japan and to consolidating the position of U.S. imperialism in Asia. The socialist

countries have been in a state of tension with Japan in the aftermath of the second world war. The relations of the socialist countries with Japan are not friendly. The relations of the socialist countries with Japan are not friendly. The relations of the socialist countries with Japan are not friendly.

In order to defeat U.S. imperialism, the anti-U.S. struggle should be stepped up in all parts of the world. The socialist countries should wage a resolute struggle against Japanese imperialism as well as U.S. imperialism and should wage a resolute struggle against it.

It is particularly important for the people of small countries which are under the domination of U.S. imperialism to stand up and fight their struggle to deal a fatal blow to U.S. imperialism. The people of small countries should be the main force of the struggle against U.S. imperialism. The people of small countries should be the main force of the struggle against U.S. imperialism. The people of small countries should be the main force of the struggle against U.S. imperialism.

Black Panther Party Platform and Program

What We Want What We Believe

FREE HUEY

Minister of Defense, Black Panther Party

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that Black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessman will not give full employment then the means of production should be taken from the businessman and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 160 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our ghetto communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over 100 million black people. Therefore, we feel that this is a modest demand that we make.

4. We want decent housing: fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U. S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them; a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal that they are endowed by their Creator with certain unalienable rights that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
